This relates to Adam and Eve because they weren't allowed to take from the tree of knowledge just like Charlie shouldn't have had the operation. And once Adam and Eve took from the tree they knew more thing and they became ashamed of themselves. This is just what has happened to Charlie he has become confused and embarrassed of feeling he has he is very self conscious. But just like Adam and Eve had a consequence will Charlie because of what he has done will he get punished?
